<i>Learn about becoming a registered counsellor in Australia</i>	Navigating the journey to become a registered counsellor in Australia can be confusing. This course has been produced after hearing students describe their confusion about how to proceed towards registration.	<b>Free</b> Click <a href="#">here</a>	1 hr
<i>Common Factors of Successful Counselling</i>	Learn research-informed factors associated with positive treatment outcomes in counselling and psychotherapy.	Regular price: \$104.99 <b>QCA price: \$14.99</b> <a href="#">Purchase</a>	1.5 hrs
<i>Introduction to Male Friendly Counselling</i>	Men are often reluctant clients and counselling treatment can violate their identities as men, leading them to resist or withdraw from treatment. This course will give you a deeper appreciative understanding of men, and provide principles on how to become more effective in engaging and treating male clients.	Regular price: \$99.99 <b>QCA price: \$12.99</b> <a href="#">Purchase</a>	1hr
<i>Effective strategies for responding to the inner critic</i>	Geared for <u>personal development</u> , the course offers different strategies for responding to the inner critic. This may not be appropriate for use as professional development as it is a self-help course designed for clients. Its concepts are useful for counsellors.	Regular price: \$49.95 <b>QCA price: \$12.99</b> <a href="#">Purchase</a>	1 hr
